

A Collaboration of the Extended Paterson Community*

My Best Friend Cullen

January 31, 2014 7 p.m.

PCCC Theater – Main Campus

Entrance: Ellison Street at Memorial Drive

FREE ADMISSION

This dramatic presentation is dedicated to raising awareness of and educating society about the AIDS pandemic and HIV infection and to dispelling myths about how the disease is contracted.

Two youths, from different backgrounds, establish an unpretentious friendship, despite the biases of others.

The performers and contributors for this unique production are high school and college students and teachers, college administrators, and Rotarians who have fostered a bridge of friendship and collegiality in their quest to serve our community.
