With

It's an Ever Changing World Are You Ready for It?

**AT&T's Executive Director
Innovative Services
Research Department,
Dr. Alicia Abella**

"My parents came to this country to give me the opportunities they didn't have; they saw that the best route to achieve that American dream was through education" Dr. Abella.

She will inspire you as she shares stories about her life long passion of helping others; a passion which has lead her to become an advisor to the White House.

- Originally from Queens, NY
- Ph.D. in Computer Science from Columbia University
- Recipient of Medal of Excellence from Columbia University
- Passionate about helping minorities
- Member of the President's Advisory Commission on Educational Excellence for Hispanics

Wed. April 9, 2014
