

Considering a career in Health Information Management? Join us for...

GUEST SPEAKER

Michelle Fuchs, RHIA, MBA, CHP
Director, Health Information Management
The Valley Hospital

Ms. Fuchs will speak about the Health Information Management Profession and the HIM job market.

Friday, March 4 at 10 AM
Center for Student Success Conference Room
2nd Floor, Market Street Building – Main Campus

Health information management professionals are responsible for acquiring, analyzing, and protecting digital and traditional medical information vital to providing quality patient care. It is a combination of business, science, and information technology.

Careers in the HIM Profession are perfect for individuals who:

- See themselves in a career that offers diverse opportunities.
- Would like to work in health care, but not directly with patients.
- Have an aptitude for science, but also like management, law, and computers.
- Enjoy working with professionals: physicians, nurses, lawyers, administrators and executives.
- Want a career where you can choose to work on their own, with others, or some of both.
