SHACK[®]

TEAM

Our Story

Shake Shack sprouted from a hot dog cart in NYC's Madison Square Park, created by Danny Meyer's Union Square Hospitality Group (USHG) to support the Madison Square Park Conservancy's first art installation. A beloved modern day "roadside" burger stand with a cult following, we serve up the most delicious burgers, hot dogs, frozen custard, shakes, beer, wine and more.

Stand For Something Good

We love our planet and our community! We're working hard to lessen our footprint, and promise to keep making strides. We're also committed to extending hospitality beyond the four walls of each Shack and into the community, we especially enjoy supporting cultural and educational neighborhood organizations.

It's All About The Team

We strive to bring together caring, warm, fun, intelligent people who love to serve. Our team earns revenue sharing and enjoys solid benefits, great bonus programs and strong career growth opportunities.

We're Growing

The original Shake Shack opened in 2004 and since then we've opened locations in New York, Florida, Washington DC, Connecticut, Philly, Boston, and multiple international locations. We're now hiring for our newest Shack in New Jersey's Westfield Garden State Plaza, and we want you to be a part of the opening team!

Interested?
