PRESENTATIONS

Open Educational Resources

President Rose gave a brief overview of Open Education Resources “OER” stating PCCC was leading the way and was the only college in New Jersey that has made such strides. He spoke on the costs of textbooks and the impact those costs have on the students.

Mr. Greg Fallon, Associate Dean and Ms. Alexandra Della Fera, Assistant Professor in English, in a joint presentation, spoke on the benefits of OER to students. They emphasized

many students do not buy the books or buy them two to three weeks into the course due to the high cost which has an impact on the students' success. Through collaboration of Librarians, Instructional Designers and Faculty, thirty-three courses have been created where there are no cost for books to the students. They both noted that OER can be textbooks, video, and software where students can access them through an iPhone, iPad or computer. Professor Della Fera noted that with a Creative Commons License, she was able to create content that other colleges throughout the country can use. There are many websites where books have been created for OER and are accessible to all students.

Professor Della Fera explained how she implements OER for her students. She stated all material was posted on Blackboard where students can access it on any device and they are less likely to fall behind. She also stated the teacher benefits by not having a delay in instruction; the material was streamlined and can be customized.

A brief question and answer session took place during the presentation.

REPORTS

President: The President spoke briefly about the former PCCC Fact Book, which contained a lot of data but was not necessarily needed by everyone. Since then, the Institutional Research staff streamlined the data and created the PCCC Data Dashboard, which provided an easier view of important data. President Rose did mention that the complete Fact Book was still available if anyone was interested in receiving it.

Chairman: None

DISCUSSION AGENDA

The following items were approved for placement on the Action Items agenda.

A. Academic Items

Carl D. Perkins Career and Technical Education Grant Application

President Rose emphasized the help of Congressman Frelinghuysen for personally involving himself in getting the Carl D. Perkins Career and Technical Education Grant reauthorized and stated it was required for the board to approve the application to be submitted to the New Jersey Department of Education.

Articulation Agreements

President Rose briefly discussed the Articulation agreements with Ramapo College, Kean University, Montclair University, and Bloomfield College. He stated the students have an easier transition when transferring to the four-year college with these articulation agreements in place, even though are technically not necessary.

Deletion of Two Academic Offerings

President Rose asked Professor Merille Siegel, Chair of the Computer Information Sciences Department, to provide an explanation for the deletion of the two academic offerings. Professor Siegel stated that the Associate in Applied Science in Manufacturing in Engineering was removed from the College's offerings fifteen years ago but was never officially taken off the list of academic programs. The Certificate of Achievement in PC Basic Skills was no longer needed at this time because almost everyone owns some sort of technical device and possesses the basic skills to operate a computer.

The budget has been updated to reflect the current climate. The overall change to the budget is a decrease of \$120,000. The number of positions eliminated from the budget has increased to 28 and salary increases for exempt administrators have been delayed until October 1st.

DATED: SEPTEMBER 19, 2017

**NEW JERSEY DEPARTMENT OF EDUCATION
OFFICE OF FISCAL ACCOUNTABILITY AND COMPLIANCE
CORRECTIVE ACTION PLAN**

Name of School District: Passaic County Community College
Type of examination: Fiscal audit of the postsecondary Carl D. Perkins Grants
Date of PCCC Board Meeting: Tuesday, September 19, 2017
Contact person: Steven Hardy
Telephone number: 973-684-6036

County: Passaic

RECOMMENDATION	CORRECTIVE ACTION REQUIRED BY THE BOARD	METHOD OF IMPLEMENTATION	INDIVIDUAL RESPONSIBLE FOR IMPLEMENTATION	COMPLETION DATE OF IMPLEMENTATION
Finding 1	PCCC should improve procedures to provide assurance that all Perkins expenditures represent allowable program costs and conform to the requirements contained in the Guidelines.	The Grants Accountant will now use an amortization schedule to ensure that warranties and service agreements only cover the applicable grant fiscal year.	Grant Accountant	July 1, 2017
Finding 2	PCCC must improve procedures to ensure that documentation for Perkins funded personnel conform to the requirements of the Appendix and other applicable federal and state regulations.	The disability specialist position is no longer funded by Perkins. The error was due to an incorrect calculation related to change in personnel status from full-time to part-time. Henceforth, the Grant Accountant will confirm all position and employment status changes with Human Resources.	Grant Accountant	July 1, 2017
Finding 3	PCCC must improve procedures to ensure that all Perkins expenditures represent allowable program costs and conform to requirements contained in the Guidelines.	The travel guidelines and authorization forms have been revised to indicate that Perkins funded travel will only be reimbursed at \$0.31 per mile. These forms will be shared with grant personnel and the Grants Accountant.	Grant Accountant	August 14, 2017
Finding 4	PCCC must strengthen its internal control procedures to ensure charges to the award for salaries and wages are documented in accordance with the applicable regulations and provide reasonable assurance that the charges are accurate, allowable, and properly allocated.	The College will revise grant time-effort policy and procedure, and create newly developed time-effort forms with an emphasis on the connection between activities and Perkins objectives.	Assistant Director (Institutional Advancement)	October 31, 2017
Finding 5	PCCC must adhere to the applicable New Jersey CCCL or EDGAR, 34 CFR §74.40, et seq., whichever is most restrictive when obtaining goods/services for the Perkins program.	Perkins funded contracts will now include greater detail. In addition, the College will use the most restrictive guidelines and not default to State exemptions, State contracts, or consortium pricing for Perkins funded purchases.	Assistant Director (Institutional Advancement), Grant Accountant, and Director of Purchasing	August 14, 2017
Finding 6	PCCC must establish a system of internal control sufficient to provide reasonable assurance that it reports complete and accurate financial information to the department.	The College has developed an internal guide for use by the Grants Office and Grant Accountant. This guide demonstrates that College budget lines can only be affiliated with ONE Perkins category, ensuring accurate reporting.	Assistant Director (Institutional Advancement) and Grant Accountant	August 14, 2017
Finding 7	PCCC must implement procedures to ensure personnel assigned to administer the Perkins grant comply with the program specific requirements applicable to each project period.	Purchase Requisitions (PR) will now include pertinent information regarding classification, program codes, and other Perkins required details. Grant personnel will be notified so that these details are provided during the on-line purchasing process. PR must reflect intended location for equipment as a line item in the PR otherwise the PR will not be processed.	Assistant Director (Institutional Advancement), Grant Accountant, and Director of Purchasing	July 1, 2017
