

**PASSAIC COUNTY COMMUNITY COLLEGE**  
**Drug-Free Schools and Communities Act**

The Drug-Free Schools and Communities Act requires that, as a condition of receiving funds or any other form of financial assistance under any Federal program, an institution of higher education (IHE) must certify that it has adopted and implemented a program to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by student on their campus or any part thereof.

In satisfaction of this mandate and in order to fulfill its obligations under the Drug Free Schools and Communities Act of 1989, 20 U.S.C. § 1145g, the College has formulated the following standards of conduct for its students and employees:

1. The possession, manufacture, use, or distribution of alcohol, marijuana, cannabis products or illicit drugs by students and employees on College property, College vehicles or as part of any of the College's officially recognized activities is prohibited.
2. Students may possess and use prescription drugs in accordance with the dosages prescribed by a licensed medical provider authorized to prescribe such medications.
3. Employees are prohibited from reporting to work and/or from operating or using any College equipment, machinery, or vehicle while under the influence of alcohol, marijuana, cannabis products or controlled substances
4. Students are prohibited from reporting to any curricular or co-curricular class/activity and/or from operating or using any College equipment, machinery, or vehicle while under the influence of alcohol, marijuana, cannabis products or controlled substances.

**Student Disciplinary Procedures** – Violations of these standards will be referred to the Dean of Student Affairs and Services and may be referred directly to local authorities. Students found guilty of violating these standards of conduct will be subject to one or more of the following sanctions: referral to an appropriate community drug/alcohol treatment program; disciplinary warning; disciplinary probation; restitution; revocation of privileges; restriction of activities; disciplinary suspension; disciplinary expulsion. Definitions and accompanying procedures of these sanctions pertaining to students can be found in the Student Code of Conduct. In addition, the violations may be referred to law enforcement agencies which may result in arrest and criminal conviction. The possible penalties for violating federal, state or local laws are described below. The College reserves the right to take any other action considered necessary by college officials.

**Guidelines** - In implementing this policy, the following guidelines will be followed:

1. All New Jersey laws pertaining to alcohol and drug use will be observed, including, but not limited to, legal drinking age, prohibitions against providing alcohol to minors, and restrictions against operation of a motor vehicle while under the influence of alcohol and/or drugs. Compliance with these laws will be assumed in what follows.
2. The laws of the State of New Jersey pertaining to the unlawful possession, use or distribution of illegal drugs and controlled substances shall be followed specifically. Violations will be referred to Public Safety and/or local law enforcement. If a person's

behavior violates a College regulation and the civil law simultaneously, the College may take disciplinary action independent of that taken by local authorities.

3. No advertising for beer or other alcohol, marijuana or other cannabis products will be accepted in any campus publication or for display on campus.
4. Neither the college nor any group of Passaic County Community College, whether officially or unofficially, will be permitted to use any organizational funds held by the institution for the purchase of any kind of alcoholic beverage, marijuana or other cannabis products.

**Employee Disciplinary Procedures** – Employees who violate the above standards will be reported to the Director of Human Resources and may be referred to all applicable local authorities. Employees found to have violated these standards of conduct will be subject to progressive discipline up to and including termination of employment.

**Drug and Alcohol Abuse Prevention** - Passaic County Community College refers students with alcohol and drug abuse problems to community-based treatment and rehabilitation programs. The Division of Student Affairs annually conducts a Health Fair and periodically publishes written information, both of which emphasize the health risks associated with alcohol and drug abuse and drug and alcohol counseling, rehabilitation and reentry programs. In addition, the college sponsors numerous educational programs throughout the year. They are specifically concerned with information and prevention of alcohol and drug abuse and are open to all members of the college community.

The Office of Human Resources refers employees with alcohol and substance abuse problems to the Employee Assistance Program at Care Plus New Jersey. This program offers confidential support, short term counseling, referrals, and follow-up services to all employees, as well as their family members.
